

§ 10.224 What happens if OWCP finds that the employee is not entitled to COP after it has been paid?

Where OWCP finds that the employee is not entitled to COP after it has been paid, the employee may choose to have the time charged to annual or sick leave, or considered an overpayment of pay under 5 U.S.C. 5584. The employer must correct any deficiencies in COP as directed by OWCP.

Subpart D—Medical and Related Benefits**EMERGENCY MEDICAL CARE****§ 10.300 What are the basic rules for authorizing emergency medical care?**

(a) When an employee sustains a work-related traumatic injury that requires medical examination, medical treatment, or both, the employer shall authorize such examination and/or treatment by issuing a Form CA-16. This form may be used for occupational disease or illness only if the employer has obtained prior permission from OWCP.

(b) The employer shall issue Form CA-16 within four hours of the claimed injury. If the employer gives verbal authorization for such care, he or she should issue a Form CA-16 within 48 hours. The employer is not required to issue a Form CA-16 more than one week after the occurrence of the claimed injury. The employer may not authorize examination or medical or other treatment in any case that OWCP has disallowed.

(c) Form CA-16 must contain the full name and address of the qualified physician or qualified medical facility authorized to provide service. The authorizing official must sign and date the form and must state his or her title. Form CA-16 authorizes treatment for 60 days from the date of issuance, unless OWCP terminates the authorization sooner.

(d) The employer should advise the employee of the right to his or her initial choice of physician. The employer shall allow the employee to select a qualified physician, after advising him or her of those physicians excluded under subpart I of this part. The physi-

cian may be in private practice, including a health maintenance organization (HMO), or employed by a Federal agency such as the Department of the Army, Navy, Air Force, or Veterans Affairs. Any qualified physician may provide initial treatment of a work-related injury in an emergency. See also § 10.825(b).

§ 10.301 May the physician designated on Form CA-16 refer the employee to another medical specialist or medical facility?

The physician designated on Form CA-16 may refer the employee for further examination, testing, or medical care. OWCP will pay this physician or facility's bill on the authority of Form CA-16. The employer should not issue a second Form CA-16.

§ 10.302 Should the employer authorize medical care if he or she doubts that the injury occurred, or that it is work-related?

If the employer doubts that the injury occurred, or that it is work-related, he or she should authorize medical care by completing Form CA-16 and checking block 6B of the form. If the medical and factual evidence sent to OWCP shows that the condition treated is not work-related, OWCP will notify the employee, the employer, and the physician or hospital that OWCP will not authorize payment for any further treatment.

§ 10.303 Should the employer use a Form CA-16 to authorize medical testing when an employee is exposed to a workplace hazard just once?

(a) Simple exposure to a workplace hazard, such as an infectious agent, does not constitute a work-related injury entitling an employee to medical treatment under the FECA. The employer therefore should not use a Form CA-16 to authorize medical testing for an employee who has merely been exposed to a workplace hazard, unless the employee has sustained an identifiable injury or medical condition as a result of that exposure. OWCP will authorize preventive treatment only under certain well-defined circumstances (see § 10.313).
